

# Clifford M. Granger School

## Security

2009-2010

One of the Agawam Public School's primary goals is to provide every child a safe environment in which to learn. One of the best ways to ensure a safe building is to know who is in the building at all times. Many thanks go to everyone for their understanding with our sign-in procedures. It is a huge comfort it is to have such a process in place that helps us to monitor our building and the people in it at all times.

Our buzzer system allows us to keep our doors locked throughout the school day. In order to enter the building, a person must press a button outside the front doors found off the parking lot on Springfield Street. This will alert the office to your presence and then we will ask for your name and the nature of your business. We will then grant access to our visitors by pressing a button to unlock the door. Once inside, bear left and walk into the office. You will then be asked to sign our office log, and will be given an identification badge in exchange for your car keys or license.
